

Limited Warranty

L & R Lock Co., Inc, warrants its custom (not including RPL Line) locks and triggers to be free of defects in material and workmanship for one year after purchase. We will replace or repair, at our option, any locks and triggers found to be defective within this period.

This warranty extends only to the original consumer purchaser and does not cover misuse or damage after purchase. Any locks and triggers worked on or repaired outside the L & R Lock Co., Inc. factory voids this warranty. No warranty claims will be honored without proof of purchase and the damaged part. Proof of purchase must accompany all returns and correspondence concerning warranty. All returns or exchanges of unaltered and undamaged merchandise, still under warranty, will be subject to a \$15.00 restocking fee. Items no longer under warranty can not be returned. See address below.

RPL Warranty

The RPL Line of locks is warranted to be free of defects in material and workmanship for thirty days after purchase. We will replace or repair, at our option, any lock found to be defective within that period.
